

Treasure State Endowment Program (TSEP)

Projects Recommended for Funding - 2015 Biennium

Prepared for the 63rd Legislative Session
Community Development Division

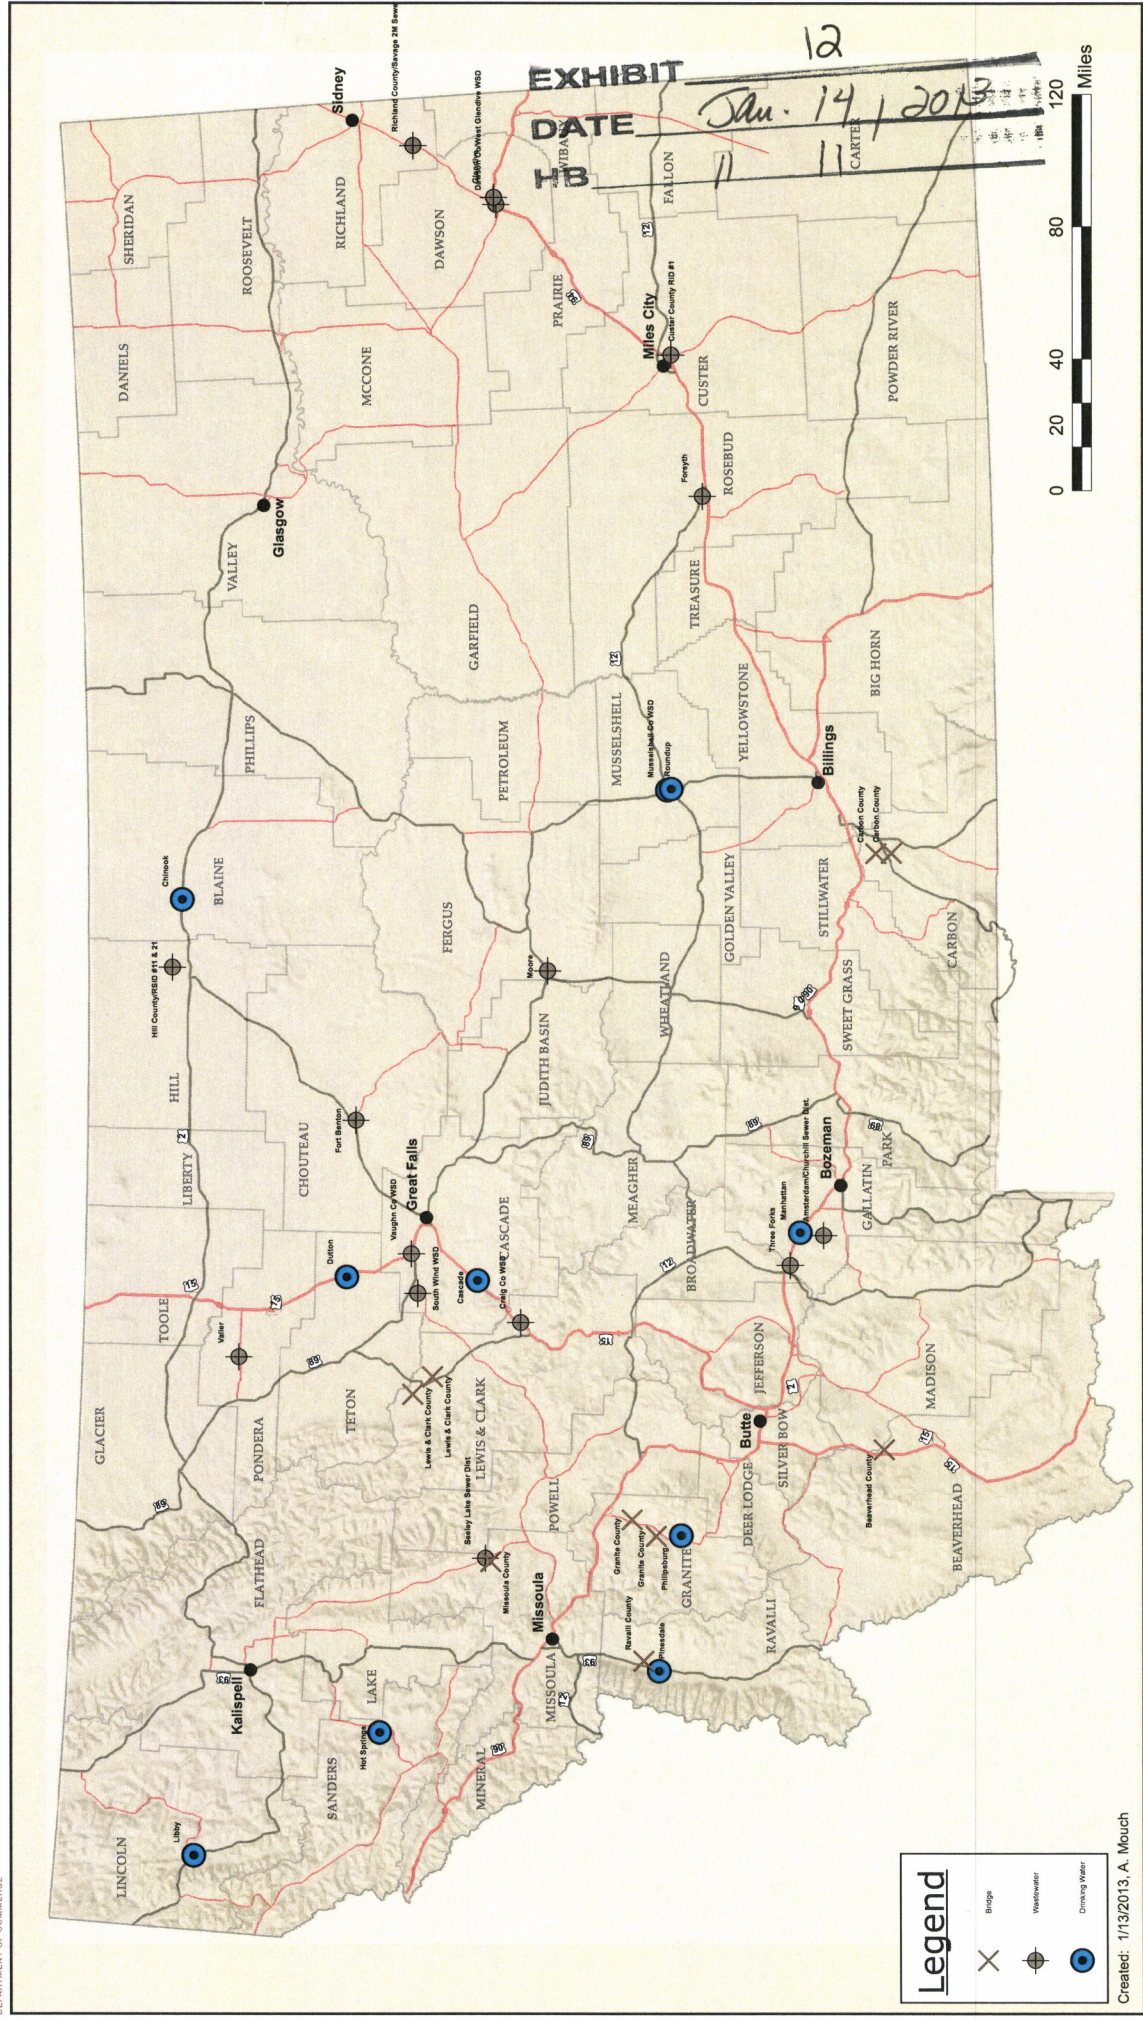

TABLE 7
DNRC GRANT PROGRAM RESPONSE TO MONTANA'S 2011 FLOODS

Renewable Resource Project Grants

Huntley Irrigation District grant for \$100,000 was modified to address the damaged Pryor Creek Siphon.

Lockwood Irrigation District grant for \$100,000 was modified to address spillway destruction caused by the flooding.

Lower Musselshell Conservation District and Delphia Melstone Water Users grant for \$100,000 was modified to address canal damage caused by flooding.

The City of Roundup Musselshell Watershed Sustainable Irrigation Management Program grant for \$60,000 may be modified to address planning to avoid flood damage in the future.

City of Roundup Water System Improvements grant for \$100,000 was modified slightly to address additional infrastructure replacements and to include FEMA in the funding package.

Renewable Resource Planning Grants

\$10,000	<u>Judith Basin CD</u> - Post flood Watershed Assessment
\$10,000	<u>Lewis and Clark County</u> - Post Flood Inventory of Hydraulic Structure and Drainage Ways
\$10,000	<u>Lockwood Irrigation District</u> -Engineering Report for Irrigation System Improvements
\$10,000	<u>Lower Musselshell CD</u> - Engineering Report for Long-span Pipe Rehabilitation
\$10,000	<u>Fort Belknap Indian Community</u> - Engineering Report for D-1 Main Canal Underdrain
\$10,000	<u>Madison County</u> - Technical Study on Moore's Creek Culverts
\$10,000	<u>Yellowstone CD</u> - PER for Cove Ditch Flume Replacement

Renewable Resource Irrigation Development Grants

\$5,000	to help <u>Delphia Melstone Canal Users</u> assess damages.
\$4,436	to <u>Central Montana Resource Conservation and Development</u> program to map flood damage and historical uses on GIS.

Reclamation and Development Planning Grants

\$43,640	to the Lower Musselshell Conservation District for Musselshell River Basin Rehabilitation
----------	---

CD = Conservation District; PER = Preliminary Engineering Report; GIS = Geographic Information System
